

Graycliff Restaurant's cuisine epitomizes elegance in the finest continental and Bahamian tradition with a menu that is both delicious and distinctive.

The secret recipes at Graycliff have set its reputation in the hallmark of the rich and famous. Creative culinary innovation has resulted in a variety of sumptuous dishes that are distinctly its own.

The restaurant has four air-conditioned dining rooms and a garden dining area. Each room has a special allusion to the era when Graycliff was a private home from the Library to the Gallery, where the family would retire after dinner to play cards. After your meal, you are invited to once again relax and enjoy the rest of your evening with an after-dinner cognac or cigar.
